Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Buying Procedure & Product Standards

Our Mission:

Feeding the soul of our community.

Our Business Philosophy:

The success of our market is determined by customer satisfaction, staff happiness and local community support. We intend to grow our business by offering quality products at fair prices with exceptional customer service.

Products that make it through our doors and onto our shelves have gone through a four-step process, ensuring that they meet our quality standards. This selection process is maintained by our Purchasing Director and the operations committee, to ensure each step of the process.

Our Four-Step Buying Process

- 1. Source of the product:** We review where the product comes from, how it was produced or grown, and the reputation and values of the company.
- 2. Clean Ingredients:** Our list of banned ingredients has more than 100 items. The list includes ingredients such as high fructose corn syrup, parabens, nitrates, artificial flavors and colorings, growth hormones and more. An up-to-date list of banned ingredients can be found on our website.
- 3. Does it meet the department standards?** If the item makes it through the ingredients checklist, it now has to meet the specific standards for the department it will be sold in. Those standards are listed in this packet.
- 4. Would we take it home?** We won't carry a product that we wouldn't take home ourselves. Flavor, aroma, freshness - these all come into play when making product decisions. Our tasting process involves our buyers and staff, and must meet the approval of multiple employees before we'll make our final decision.

Going Beyond Industry Standards

Thanks to hard working team members, ingredients like high fructose corn syrup were added to our banned list before they showed up under the national spotlight. Our standards are constantly monitored, keeping them up to date and "beyond" industry standards. Our team leaders follow the latest trends, news, and food related topics to stay up to date on these important issues. We closely monitor food safety issues and recalls, posting up-to-the-minute information on our website and social media.

Our Commitment to Non-GMO Products and Labeling

Since 2010, Ellwood Thompson's has avoided products with GMOs at all cost. It is our commitment to our community that we will not bring in any new products that contain GMOs. We work to help local vendors source raw ingredients that do not contain GMOs, and are of the highest quality. It is our shared belief that everyone deserves an informed choice about what they are consuming.

As part of this commitment to our customers, we require all new vendors to either include "Non-GMO" on their packaging, or submit a formal letter/email indicating that all ingredients are non-GMO,

Department Standards

Over the years, a lot has changed in our supplement and body care industry. Many ingredients are now being mass produced in labs from synthetic starters and ingredients that are unfamiliar to our bodies. It's to these ingredients and practices that we simply say, "No." Instead, we take a different approach to supplements and body care, one far more simple.

Honest ingredients: In today's supplement and body care industry, reading the fine print is more important than ever. Thus we have carefully evaluated our body care and supplement lines and established strict criteria for inclusion on our shelves. Products must be:

1. Created with minimally processed oils, herbs, milks and minerals that remain as close to their natural state as possible.
2. Products contain no parabens or other known harmful chemical preservatives or fillers.
3. Our staff must know what each ingredient contained in the product is and it's purpose.
4. Products must work in a holistic and safe way with the entire body with minimal or no side effects.

What we don't put in our body is just as important as what we do: We first look at what the product doesn't contain compared to what it does. Strict guidelines are held for every item on our shelf, which have been evaluated before they enter our door. We pay close attention to every ingredient, offering the simplest, cleanest and most holistic products available.

If it's not found in nature, it's not welcome: Full effort is put towards eliminating products with synthetic fillers, artificial colors, flavors, parabens and chemical elements. We only select products that work synergistically with the body and have no harmful side effects, sourcing as much as we can from Mother Nature. We choose research-backed products that have proven themselves long term via clinical testing and customer feedback.

Fair-Trade & No Animal Testing: We source certified Fair-Trade products whenever possible. Buying from companies that have a direct relationship with their farmers strengthens communities, protects the environment and allows workers to receive fair pay and develop business skills necessary to compete in the global marketplace. You'll never have to worry about animal testing either. It's simply unacceptable at our store.

Local Vendor Guidelines

-
1. **Vendors must have barcodes or PLU codes on each item.**
 2. **Vendors must provide an inventory list**, including wholesale pricing and barcodes/PLUs.
 3. **Orders must be accompanied by a printed invoice.**
Products will not be accepted without an invoice. All invoices must have the following: Name of business/ check payable to, address, phone number, email, date, invoice number, itemized list of ordered products with wholesale pricing, invoice total. We cannot accept product without the above information.
 4. **Product Labels:** Per FDA regulations, each product label must include a full-disclosure ingredient list, contact information, net weight and barcode.
 5. **Shelf Ready:** Items must be ready for the shelf upon delivery (labeled with PLU or barcodes).
 6. **Product Damages:** If your products arrives damaged or is returned, we ask that you provide a replacement(s), or credit the amount on a future invoice.
 7. **Visits:** Vendors are welcome and encouraged to visit and check stock level/tidy product. Please do not bring unsolicited products. We ask that you do not create your own orders unless asked otherwise.
